Subject: 2008-196-E and other where BLRA was used as reason to increase kWh rates

Dear Ms Boyd:

*Please find enclosed Motion for Reconsideration all directives and Orders denying my petitions.
Last is # 2014-404 dated 2014 May 1
Sincerely,*

Joseph Wojcicki -the troubleshooter and energy consultant at BYPAS INTERNATIONAL

RECEIVED

MAY 13 2014

PSC/SC
MAIL/DMS

STATE OF SOUTH CAROLINA
BEFORE THE PUBLIC SERVICE COMMISSION
All Dockets from No. 2008-196-E to 2014-2-E – all which apply BLRA as a legal base
for PSC Orders.

IN MATTER OF: _Combined Application of SCE&G... for a Base Load Review [Act] Order and ... for Authority to Adjust and Increase Its Electric Rates and Charges.	MOTION for RECONSIDERATION of ORDERS USING FALSE PRETENCE OF SC BASE LOAD REVIEW ACT (BLRA)
---	---

I, Joseph Wojcicki, respectfully move to reverse Orders, which used SC BLRA as a legal ground to increase kWh rates. The created injustice is measured in billions of dollars and is against common law as well BLRA Definition.

ARGUMENTS.

SCANA (**NYSE:SCG**) Corporation could get the Government stimulus funds for the investment in 2008-2009.

It would cost Federal taxpayer only 1% of what cost now 675,000 kWh ratepayers.

Even worse it is a felony (**SC_Code _SECTION 16-13-260**) using **BLRA as a pretense to SC people and businesses money because BLRA definition was not documented, and *de facto* cannot be met. The Application did not have studies / analysis of the low flows in the Broad River and ORS did not check it out. BLRA Definition requires minimum of 70% annual energy production by plant to be Base Load, which for Jenkinsville location it is translated to at least 292 days of uninterrupted cooling water availability for each of 60 years of reactors life**

It is against public interest to continuously reuse BLRA for another wrong verdict. Today, after Enron (2001) and Dynegy (2012) bankruptcy lessons **the SCE&G employees' life savings are in jeopardy.**

It is time before summer to restore justice for all, 3 million victims of overcharged kWh rate including hundred of thousands of veterans, seniors with limited small fixed income, families with small children and sick people who require uninterrupted higher amount of electricity, etc. Commissioners – become heroes and order SCANA to correct financial fraud getting the secured fund from US DOE as twin project in Vogtle GA did in February 2014 and to stop increasing poverty in SC.

Respectfully submitted,

Joseph Wojcicki
820 East Steele Road
West Columbia, SC 29170-1125

P.S. For Distingue Chairwoman Lady Fleming -this is your moment of the meditation / reflection:- to listen victims' praying:

- Almighty God, do not allow three (3) million victims of SCANA legal team greed to suffer in oncoming hot seasonal days and nights from financial burden of the new higher and higher electric kWh rates. Save children, veterans' and seniors' health and life.
- Almighty God, do open our Commissioners' consciences and do not allow them to wash their hands as biblical Pilate did.
- Almighty God, do protect our electric services employees from the catastrophic results of Enron type scandal.
- Almighty God, disconnect the temptation power of 30 pieces of silver.
- Our Father who rules in Heaven; have mercy on us and do not allow a monopolistic energy slavery to oppress our life on Earth.
- God Bless SCE&G good engineers and workers who designed, have built and operate SC hydropower plants, keeping rivers' flow under smart control and deliver reliefs in the seasons of drought.
- Almighty God, do not allow your natural laws to be overruled by wrong orders.

- **IN GOD WE [3 MILLION OF VICTIMS] TRUST**
